**Description of Building or Site (Original and Present)**

\_\_\_2\_\_\_ Story \_\_\_ Front Bays

Structure is a two-story side-by-side duplex that has been modified into a four-unit dwelling. It is a brick structure with a front-to-back gable roof. Ornate cornice and trim work is present on the front of the building at the roof line and above the ten windows in this area. At the front just south of the center of the building, a side-to-side gable-roofed dormer has been added. In the rear, where a previous raised-level porch existed, now is enclosed and frame walls are clad with wooden shingles and the aluminum siding was removed. Roofing is comprised of three-tab shingles. Windows are one-over-one wooden and aluminum double-hung replacement units. The foundation is stone.
