FOR IMMEDIATE RELEASE
July 22, 2020

Industrial Park Fire

Shortly after 7 p.m., Wednesday evening, Wheeling firefighters were called to a fire at EPS Industries, located in the industrial park area of the city.

When firefighters arrived, smoke could be seen coming from the large building, which prompted a full response from WFD.

Within an hour, Firefighters were able to contain the fire to a processing unit within the building.

A cause is currently unknown. A fire investigator will work to make a determination in the coming days.

One person was reported to have been injured and was taken to the hospital prior to WFD's arrival. The extent of their injuries is unknown at this time.
