South Wheeling Fire

Wheeling Firefighters were called to a structure fire around 2:14 a.m. Monday in the South Wheeling area of the city.

When firefighters arrived, the rear of a side-by-side duplex at 3645 Chapline Street was engulfed in flames. Crews from around the city worked to extinguish the fire and were able to suppress it within 90 minutes.

The structure appears to be vacant. No one was injured. A fire investigator will work to determine a cause.
